**SMART UTILITY METERS**

Smart Meters are the integral part of Home Utility Measurement & Management in High Raised / Gated Communities Residential or Commercial Constructions.

The New Generation Smart Meters allows consumer to remotely access / monitor & control the consumption of these utilities - Gas, Water & Energy.

The Smart Utility Meters Network are Governed by Low Power Long Distance RF Mesh Networks such as LoRa, Sub1 Ghz etc...

At Ripple Metering Products, we provide wide range of Smart Meters as per the project requirement & can be tailor made as per the technical specifications.

**USER INTERFACE (RIBS)**

Ripple Infra Billing Systems – RIBS is a Secured Web / Mobile Application designed on Android & iOS Platforms for Utility Billing, Utility Control & Data Analysis.

RIBS allows the consumers to pay their bills through Online Payment using various trusted payment Methods.
Our Products

- Mechanical Gas Meter
- Prepaid Gas Meter
- AMR / AMI Gas Meter

Our Product Features

- Automatic Reading
- Scheduled Monitoring
- High Accuracy
- Safety
- Cloud Data
- RF - LoRa & Sub1 Ghz
- Web/Mobile Portals
- On / Off Toggle
- Hourly Billing
- Payment Method
